**Re: Protect Baytown Residents from the San Jacinto River Waste Pits**

Dear Mr. Miller,

As a resident of Baytown, I live downstream from the San Jacinto River Waste Pits. It is absolutely necessary for the EPA to tackle this issue quickly and with the most efficient, rapid, and permanent solution possible. I support the report from the Army Corps of Engineers that a permanent cap is the safest and quickest remediation option. Please support us in Baytown and make this decision quickly!

Sincerely,

(b) (6)
